

Sydney Children's Hospitals Network

MENTAL HEALTH AND INTELLECTUAL DISABILITY HUB KIDS WEBINAR SERIES LAUNCH

An introduction to differences in psychiatric diagnosis and treatment for young people with intellectual disability and autism.

SAVE THE DATE: Monday 27th July 2020, 9:15am to 12:30pm. Zoom details provided upon registration.

The Sydney Children's Hospitals Network (SCHN) Mental Health and Intellectual Disability (MHID) Hub is a new state-wide tertiary service to improve the mental health of children and adolescents with intellectual and/or developmental disability aged under 18 years. The SCHN MHID Hub is a short-term consultation service funded by the Ministry of Health in response to mental health reform for people with intellectual disabilities. Part of our role is to enhance the capacity of mainstream services via sharing our mental health expertise in assessment, diagnosis and treatment.

NSW CAMHS Clinicians, Psychiatrists, Paediatricians, LHD staff and our SCHN colleagues are invited to join us for the launch of our MHID Kids Webinar Series.
